

Solicitation at Community Events

Community events conducted by LAIA committees and/or sponsored by LAIA are closed to vendors or promoters of commercial goods or services, other than those vendors contracted by LAIA to provide goods or services for the community event. The sales of goods or services or the solicitations of donations by individuals, non-profit organizations or charitable organizations are not permitted at LAIA community events. In the event individuals or a charitable organization wishes to solicit donations for the aid or relief of a resident of the Loch Alpine community, a formal request must be submitted in writing to the LAIA Board of Directors 30 days in advance of the community event. The request should identify the intended beneficiary of the donations, explain the reasons for solicitation, and detail how the funds will be distributed to or for the beneficiary. The request must be approved by the LAIA Board and subsequently approved by the intended beneficiary, in advance of the event.
